The best way to explore Moldovan capital – is to enjoy 3 hours walking within the Historical Center of the City. It is quite small – so you won't get too tired, but in the same time is quite big and you can easily get lost in its narrow streets full of "hidden treasures". In comparison with large and busy Ukrainian cities, Chisinau will surprise you with its slow pace of life and quiet green streets. You are going to see the official part of the capital, all main state institutions, main boulevards, and a less official part – of small houses, that remind the times, when Chisinau was just a small village. The Glory and Tragedy of this City were always going side by side and within our city tour you are going to discover just a part of its controversial history.

DAY 9

The best of Moldova

Breakfast in the Hotel

Curchi Monastery excursion – perhaps, the most beautiful monastery of Moldova. It is situated between a small Moldovan village and the forest area.

It's biggest Church is the exact copy of St. Andrew Church in Kiev. The monastery looks like a small fortress and within one hour you will be able to enter in all 5 churches, and if you'll be lucky enough – then you will even hear the fabulous singing of the local choir.

Old Orhei Complex excursion. It is worthy to mention – that about 10 million years ago, Moldova was covered by Sarmatian Sea, and Old Orhei – is just a complex of huge rock hills formed by millions of fossils. It is a sacred place – as a home for the most legendary cave monasteries of Moldova. Here, you can taste the most delicious Moldovan food and drink a glass of home made wine.

Cricova Winery tour – the biggest Winery of Moldova and in the same time – the biggest underground wine cellars in the world! Cricova produces more than 10 millions bottles of wine every year! It is simple, we are going to take you to the unrecognized country called Transnistria, on the left side of Dniestr River – an absolutely unique and peaceful region. It is a travel back in time, as far as Transnistria is considerate – the last soviet country. We are going to visit **Bender** Town and its one of the biggest fortresses in Europe. Bender is populated by three ethnic groups: moldovans, russians and ukrainians and you will see, that Bender is just a smaller version of Chisinau. Next destination – is the capital, **Tiraspol**. Its main street is full by imperial monuments, "Stalin's buildings", large squares and of course – the monuments of Lenin. If you are expecting to see one grey boring town – be ready to be surprised, as the colours of Tiraspol will fascinate you.*
